# The Earth Cube®

for kids!

Roll The Earth Cube® every day to find a way to care for God's creation. Share what you did with a friend!

Create it! Roll it! Live it!

Everything is a **GIFT**!

DISCOVER amazing things!

Only what is **NEEDED**!

We are all **CONNECTED**!

SMILE on the world!

The time is **NOW**!

"Let us be… protectors of one another and of the environment."
(Pope Francis)

"But the people who know their God shall stand firm and take action."
(Daniel 11:32)

"Be humble, be simple, and bring joy to others."
(St. Madeleine Sophie Barat)

TheEarthCube.org

Everything is a Gift!

Take Action!
» Stop and think: watch a sunset, listen to the birds, touch the grass.
» Take a walk outside. Find an insect - what shape/color is it?

Each person, each thing, is a gift for the other. Let's say "thanks!" to the people and creation around us.

Only What is Needed!

Take Action!
» Turn off the lights when you leave a room.
» Use all of the paper on your art project before starting a new one.

How are we going to save our planet? By taking only what is needed to live our lives!

We're all Connected!

Take Action!
» Keep your neighborhood clean by holding your trash until you get home.
» Before you throw a toy away, find someone who needs it.

Everything on the earth is affected by the actions of each one of us - people, forests, air, oceans, cities.

Discover Amazing Things!

Take Action!
» Learn something new about the environment in your local community.
» Explore nature nearby. Go to a park. Feel God's power.

**The world is filled with all sorts of amazing things from the highest mountains to the deepest valleys!**

Smile on the World!

Take Action!
» Plant a tree or flowers for a neighbor in need.
» Set a timer for 5 minutes when you take a shower.
» Say no to plastic straws.

See wonderful things that can happen from positive actions!

Now is the time!

Take Action!
» Do something small every day and share with a friend.
» If you forget one day, just start over the next day. It's ok to start again!

Start each minute of the day to do something different!
